Listen to those who ventured out to the Collinsville Rodeo Grounds last weekend and there’s overwhelming agreement. The Collinsville Bacon Busters & Bull Ride delivered ‘More Grunt than an 8 Second Ride!’

The Collinsville SHS Parent and Citizens Association are thrilled with the results, with every aspect of the day running smoothly and the fundraising initiative a great financial success. Not only did it raise $18,500 for the school, but the worthy charities of Buy a Bale and Aussie Helpers, will each be receiving $578.00.

From start to finish there was something to keep every member of the family entertained. Market stalls... the weigh in... kids’ games and races... jumping castle... chair-o-plane... dog events... a ute comp... ironman competitions... live music... canteen... bar... raffles and giveaways. And, improving upon the success of the inaugural 2014 event, the school joined forces with the Collinsville Rodeo Association and added an exhilarating bull ride to the program.

The decision to utilise the shade outside of the arena for the weigh in, markets and many events proved a win-win situation for all concerned and certainly added to the high numbers of patrons throughout the day.

On behalf of the Collinsville Parents and Citizens Association we would like to sincerely acknowledge the incredible communal input for our event – the support of friends, relatives, students, parents, other schools, the wider community and of course our sponsors. We couldn’t have done it without you!!

What’s Happening in Year 9 Science
On Thursday 30th of July the Year 9 science class had the pleasure of experiencing a dissection. As part of the Body systems unit we are currently working on it was a fantastic opportunity for the students to examine the real deal! The students focused on dissecting the heart and lungs of a sheep. They were able to distinguish between the different chambers of the heart and how the lung tissues inflated. A very special thank you to Fletch’s Butcher Shoppe for donating the four lamb plucks!
